## HONORED HER FAVORITE SON

Minnesota To Pay Tribute to Governor Johnson.

THROUGHOUT ENTIRE STATE

Wheels of Commerce Will Be Stopped for Five Minutes While Interment Takes Place in the Cemetery at St. Peter—Thousands Viewed the Body as It Lay in State in the Rotunda of the Capitol.

St. Paul, Sept. 23.—This is the day that Minnesota buries its beloved governor.

At 3 o'clock this afternoon all that is mortal of John Albert Johnson, the first native-born governor and the favorite son of his state, will be laid to everlasting rest in the burial ground at St. Peter, the town where he was born.

For five minutes after the stroke of 3 this afternoon wheels will stop, machines will be idle and doors will be closed in mines and factories in a large part of the state.

The plan for this widespread tribute to the dead seemed to spring from a score of places at once, and the agreement to unite in this observance seemed to be almost an intuitive understanding even before the formal proposition could be broached.

From St. Paul and Minneapolis the idea spread over the state by telegraph and telephone, and the response was quick and hearty and unanimous. The largest industrial centers of the state, outside of the Twin Cities, were first to respond, but from every quarter, from towns and hamlets, large and small, there has come the same reply, a common desire to unite, to weld the whole great commonwealth into one brotherhood of sorrow, a joint and mighty token of love and respect to the leader who is no more.

Time of Mourning.

In the Twin Cities and in many other parts of the state the hour from 9 until 10 o'clock in the morning also was observed as a time of mourning while the funeral cortege passed from the state capitol to the railroad station to take the train to St. Peter.

From 9:15 o'clock until 10 o'clock all the bells of the city tolled, marking the passing of the body of the honored dead to the funeral train, and at the state university the cadet artillery corps fired a salute of seventeen guns at fifteen minute intervals.

Nearly every city, town and hamlet in the state is draped in mourning. Probably never before has there been an occasion when there was such a universal and widespread expression of public grief for the loss of any citizen.

The tattered and ragged battle flags which the veterans of Minnesota carried through the Civil war, standing solemnly furled in the niches in the rotunda at the state capitol, formed a fitting background for the scene that was enacted beneath the marble dome Wednesday when the kindly features of Governor Johnson were seen for the last time by the citizens of the state that he had governed so well. All day and until late in the evening the people who had learned to love him so dearly passed by the bier in two steady lines, paying their last tribute to the memory. About 50,000 viewed the remains.

JAPANESE IN MILWAUKEE

Commissioners Are Guests of the Chamber of Commerce.

Milwaukee, Sept. 23.—The members of the Japanese honorary commercial commissioners' delegation were guests at a banquet of the Milwaukee Chamber of Commerce at the Hotel Pfister, covers being laid for 300.

The banquet followed a visit to several of the larger industrial plants of Milwaukee and an automobile trip throughout the fashionable residence section of the city, parks and boulevards, members of civic and other organizations acting as an escort.

An address by General Arthur MacArthur, who represented the United States in the field during the war between Russia and Japan, was the feature of the banquet.

Among other things General MacArthur said that the visit of the Japanese was the most important of any ever made by a foreign delegation.

Costly Fire at Indianapolis.

Indianapolis, Sept. 23.—The G. P. McDougall & Son kitchen cabinet factory, one grocery store and eleven residences in South Meridian street were destroyed by a fire which started in the cabinet factory. The total damage is estimated at \$175,000.

ARMADA IN HUDSON RIVER

Will Represent the United States at Hudson-Fulton Celebration.

New York, Sept. 23.—The armada which is to represent the United States at the Hudson-Fulton celebration steamed up New York harbor to its anchorage in the Hudson river above Grant's tomb. Through the early part of the day the fleet had been fog-bound off Sandy Hook.

The fog interfered also with the plans of the British and German fleets. The four armored cruisers of the British squadron slackened speed as they approached the mist-hung coast and sent in word by wireless that they would delay their arrival for a day. The three German cruisers should arrive about the same time.

The Italian cruiser Etna passed into the harbor before the American battleships and proceeded to her anchor.

ADMIRAL SCHROEDER.

age in the North river off Thirty-fourth street, where she was joined a few hours later by her mate, the Etruria.

Thousands of New Yorkers crowded all points of vantage, from the battery northward and along Riverside drive to witness the arrival of Admiral Schroeder's fleet. The ships, in single file about 400 yards apart, looked very grim and business-like. The crews, garbed in white, were massed forward and a group of officers was seen on each quarter deck.

ENTIRE FAMILY MURDERED

All But One of the Bodies Burned With Their Home.

Bluefield, W. Va., Sept. 23.—An entire family of six persons was murdered and the bodies of all but one of the victims were burned with their home at Hurley, Buchanan county, Va. The motive evidently was robbery, as the owner of the house, an aged woman known as "Aunt Betty" Justis, was generally supposed to keep a large sum of money about the place.

Mrs. Justis, her son-in-law, George Meadows, his wife and their children were the victims. Meadows' body, badly mutilated, was found lying in the yard of his destroyed home, the funeral pyre of his loved ones. Two bullet holes through the body and a ghastly wound in the neck, which almost severed the head from the body, gave the discoverers their first evidence of the extent of the tragedy.

A search of the ruins of the house disclosed a sickening spectacle. The blackened masses of half burned flesh and charred bones of the two women and the three children were found beside the debris, each body bearing evidence of murder committed before the house was destroyed by fire. The elder woman's skull was upturned some distance from the remainder of her half-burned body.

Another daughter of Mrs. Justis told the police that her mother had a large sum of money buried under the sill of the house and they succeeded in digging up \$950 in gold and silver. The murderers are supposed to have secured the \$600 which "Aunt Betty" always carried on her person.

Bloodhounds were rushed to the scene and in a short time they took up the trail of the supposed murderers in a corn field which adjoined the Justis home. There the foot prints of three men were found impressed in the soft soil. A posse of citizens, heavily armed, is following the bloodhounds, bent on lynching the murderers if they are captured.

Unknown Man Murdered.

Fargo, N. D., Sept. 23.—The body of an unknown murdered man was found alongside the Northern Pacific tracks by trainmen three miles east of Glyndon, Minn., with three bullet holes in his chest, one piercing the heart. The body had been thrown on the track to conceal evidences of murder. The left arm and leg were both off. There was not a thing on his clothing that would lead to identification.

## FIFTY-SIX LIVES LOST IN STORM

Half a Hundred Others Said to Have Perished.

REPORT NOT YET VERIFIED

Property Loss Is Far Heavier Than at First Believed and Will Extend Well Into the Millions by the Time Final Details Are Tallied—Fishermen Are Heavy Sufferers—Shipping of All Kinds Destroyed.

New Orleans, Sept. 23.—Gradually New Orleans and the surrounding territory are recovering from the first effect of the tropical hurricane, which, starting Sunday, continued throughout Monday and Monday night. Fifty-six lives are now positively known to have been lost and fifty others are reported to have perished in Lower Terrebonne parish, but as yet this report has not been verified.

The property loss is far heavier than was first believed and instead of running into the hundreds of thousands will extend well into the millions by the time the final details are tallied.

Miles of territory have been laid waste and crops have been practically ruined.

New Orleans is still sadly crippled in the way of railroad facilities and telegraph and telephone communication with the outside world. For several days the city's only communication was over an improvised long distance telephone circuit.

Both the Illinois Central and the Louisville and Nashville roads have suffered heavy losses, miles of tracks having been washed away. Trains are being detained. It will be several weeks before the Louisville and Nashville will be running trains over its own lines. The other railroads are moving trains on scheduled time, under caution orders.

The death list of lower Terrebonne parish increased as details were received until it numbers nineteen. Fishermen are heavy sufferers. Shipping of all kinds in the bayou inlets were totally destroyed. Store houses, sugar mills and dwellings of every character at Houma and other villages suffered heavily and scarcely a structure was untouched by the hurricane.

The damage at Grand Island, Cheniere and Caminada was very heavy, but no lives were lost. The crops of these islands were totally destroyed, as the water swept across them two or three feet deep, washing them away, and the orange groves were stripped clean of fruit and foliage.

Additional news of the havoc of the storm along the coast indicates that the damage was even heavier than at first reported. A number of places are yet to be heard from, but it is not thought probable that any more loss of life will be reported.

AWAITS HIS HOMECOMING

State of Maine to Honor Robert E. Peary.

Portland, Me., Sept. 23.—The state of Maine, within whose borders Commander Robert E. Peary spent his boyhood and young manhood, awaits his homecoming from the Far North. Portland, South Portland, Bangor, Waterville and Old Town are busy perfecting the details of celebrations which have been planned in his honor. The first official greeting Peary will receive in Maine will be at Old Town. Bands will play, church bells will chime and the officials of Old Town will extend congratulations to the explorer.

At Bangor Mayor Woodman and members of the reception committee will entertain the celebrated visitor at luncheon and he will be presented with a loving cup. The entire city government of Waterville will be at the station to greet Peary.

At Brunswick Commander Peary doubtless will be greeted by the students of Bowdoin, of which he is a graduate.

On reaching Portland the explorer will be met by the mayors of Portland and South Portland, militia, band and a large escort of citizens. Red fire is to be burned all along the line of march to the auditorium, where a public reception will be held.

The reception will be followed by a banquet. A handsome silver loving cup will be presented by the citizens of the two cities to Commander Peary.

Mrs. Stolor-John, don't you think I need a new gown? This one is beginning to look shabby.

Mr. Stolor—I don't see anything the matter with it. You look well enough in it to suit me, and why should I pay money to make you more attractive to other men?

## Children's Warm Underwear

We have the warm underwear in, that will keep the children warm under all weather conditions. All good qualities—Many good bargains in our Basement.

H. F. Michael Co.

## CROSSING THE GREAT DIVIDE

President Taft Soon Will Be West of the Rockies.

Pueblo, Colo., Sept. 23.—President Taft is crossing the continental divide and soon will find himself west of the Rocky mountains. All day the president traveled with the panorama of the white capped peaks of the Rockies in view and at one time the train ran for a mile or more through fields of snow. The Tennessee pass, the climb to the top of the divide carries the president to an altitude of 10,240 feet.

For the first time the president traveled through the Grand Canon of the Arkansas, where at one place the half-mile deep canyon is so narrow that there is not room for the track and the river and the former has to be carried over the rushing waters by means of a hanging bridge, suspended by cables embedded in the rocky walls of the chasm.

The president did not feel the altitude and at the end of his first week of "one night stands" he is in splendid health, despite the efforts of the hospitable West and its elaborate and never-ending breakfasts, luncheons and dinners. Mr. Taft's voice also is in the best of condition. There was a little huskiness for a time, but it has disappeared.

Beginning the first of the two days

of his Colorado tour, Mr. Taft motored fourteen miles out of Denver to breakfast at the home of Thomas F. Walsh and at the request of the owner rechristened as "Clonnel," the estate heretofore known as "Wohurst." Taking the train at Wohurst, with an additional train filled with Colorado people as an escort, the president proceeded to Colorado Springs, where he made a brief address in the public park to one of the largest crowds of the trip, and then made a hurry-up automobile tour to points of scenic interest. At an eminence overlooking the valley of the Garden of the Gods, with the Rockies in the background and dark clouds playing tag with Pikes Peak, Mr. Taft expressed his admiration of the view with unrestrained enthusiasm.

From Colorado Springs the party came on to Pueblo, where the president left the train at the Mineral Palace park and was driven at the head of a long procession of automobiles to the state fair grounds to face another exuberant throng and to make a brief extemporaneous speech in appreciation of the reception that Colorado has extended to him.

Secretary of the Interior Ballinger joined the presidential party at Denver and will go through to Seattle with the president. He will assist Mr. Taft in the formal opening of the Gunnison tunnel at Montrose, Colo., the greatest irrigation project the government has ever undertaken.

Mr. Taft announced today that he will not make his speech upon the subject of the conservation of natural resources, the topic of supreme interest in the country through which he will pass during the next two weeks, until he reaches Spokane on September 28.

Minnesota and  
Dakota Lands

Phone 4, First Nat. Bank Bldg.  
Brainerd, Minn.

Forty acres, section 12, Garrison township, good soil, some 6 acres under cultivation, small house and barn, less than one half mile from Mille Lacs lake, 80 rods from Pike lake, best roads in the county, title clear, price and terms right, for quick sale.

Eighty acres, section 7, Noka township, 7 miles from Brainerd, less than one mile from Jonesville, good roads, nice level land, good soil, right in the iron district, no mineral or other reservations. Will sell at a bargain if taken this month.

136 acres, section 12, Garrison township, one-half mile frontage on Mille Lacs lake, lays level, fine soil, hard wood timber, house and small barn, less than one-half mile from hotel and stores, no mineral or other reservations. This land must be sold by Oct. 1st. Price and terms right.

40 acres in section 28, Long Lake township, 20 acres under cultivation, lays level, the best of soil, small house—new, 7 miles from Brainerd, good roads, close to a lake, no mineral or other reservations. Want to sell quick. Price and terms right.

89 acres, section 3, township 135, range 29, one mile from Smiley, 3/4 mile lake frontage on Little Bass lake, an ideal place for a summer home, with opportunities for truck farming. Product can all be sold, through the summer months, without the trouble of marketing. Look this up if you want a bargain.

### WEATHER FORECAST

Fair tonight and Friday. Slightly  
cooler southeast portion tonight.  
Frost tonight.

Taft's back bone seems to be in a  
normal condition.

There are no Eskimos at the south  
pole to bear the white man's burden  
or it would have been discovered long  
ago.

Down in Georgia the court has set  
the price of killing a mother-in-law  
at \$20.90, and some people think  
that it is rubbing it in.

Bemidji can have the Soo road if  
they will raise \$30,000 with which to  
purchase the right of way, the officers  
of the company having stated that  
they will not deviate from their air  
line and build into that city for a less  
amount, and \$30,000 for a railroad  
is not so bad.

Increased protection will be offered  
by the government in registered mail  
after Nov. 1st. The registry fee will  
be raised to 10 cents at that time,  
but when you think that you can  
recover \$50 instead of \$25 if the  
registered letter or parcel should be  
stolen, lost or destroyed while in  
transit, the extra two cents charged  
will not seem so burdensome.

This is the time of year when the  
public in general are making pur-  
chases, or thinking of making them,  
of articles for fall and winter use,  
and in a city the size of Brainerd  
this trade means a whole lot to the  
merchants who have laid in heavy  
stocks to meet the demands of the  
public. In many instances the in-  
clination is to send this trade out of  
town to a catalogue house, possibly  
with the impression that a saving  
can be made. If you have a bill of  
goods of this kind on your mind that  
you are expecting to purchase, just to  
test the case, submit it to any mer-  
chant in Brainerd and get his prices  
on the same and then compare the  
figures with your catalogue house  
prices and see if you cannot do just  
as well right at home as you can in  
sending away for your goods. You  
will be surprised what your home  
merchants will do for you if you  
have never tried them, and we are  
informed that there are people in  
this city that have never bought a  
dollar's worth of goods in the home  
market unless compelled to and the  
habit has got them to such an extent  
that they think they will be robbed  
if they buy their necessities of the  
home merchants. The catalogue  
houses advertise their prices and  
place their price lists in the homes of  
the customers and the leaders that  
they put forth in big black letters  
is misleading, and many a man thinks  
he is buying below the wholesale  
price, when if he would investigate  
he would find that Brainerd mer-  
chants could furnish the list at the  
same price and save him the freight.  
A little advertising by the home  
merchants along the right lines would  
help convince these catalogue house  
converts.

### LOCAL NEWS NOTES

Weeks repairs guns. 307 6th S.  
Col. C. D. Johnson went to St.  
Paul this morning to attend the fun-  
eral of Governor Johnson.

If you are particular as to what  
kind of a gun you shoot with, rent  
yours of D. M. Clark & Co. 77-7f

Miss Carrie Morrison returned on  
Tuesday night from a visit to Chicago,  
having been absent several weeks.

A look at our splendid new fall  
line of rugs will prove our statement  
that we exercised excellent judg-  
ment in selecting them. D. M. Clark  
& Co. 77-7f

Mons Mahlum and M. T. Dunn  
went to St. Paul on the 2:30 train  
this morning to attend the funeral  
of Governor Johnson.

D. M. Clark & Co. have the fairest  
priced line of best guns and best  
shells to be had in Brainerd. 77-7f

O'Brien Mercantile Company is pay-  
ing 35c per bushel CASH for good  
stock. 93-5t-wtf

Rather Ambiguous.  
The Rev. Mr. Dozem had not gained  
the golden opinions of his congrega-  
tion, who were unanimous in asserting  
that he was foolish and conceited.

He considered himself greatly slan-  
dered and, meeting an old German  
friend of his in the street one day, be-  
gan to retail his woes, ending up by  
saying:

"And the churchwarden actually  
called me a perfect ass. My cloth pre-  
vents me from resenting insults, but I  
think I shall refer to it in the pulpit  
next Sunday. What would you ad-  
vise?"

"Mine friendt," replied the German  
soothingly. "I know not, but I think  
that all you can do will be youst to bray  
for them, as usual!" -Pearson's.

Go With a Rush  
The demand for that wonderful  
Stomach, Liver and Kidney cure, Dr.  
King's New Life Pills—is astonishing

—H. P. Dunn says he never saw the  
like. It's because they never fail to  
cure sour stomach, constipation, indig-  
estion, biliousness, jaundice, sick  
headache, chills and malaria. Only

### The Road to Success

has many obstructions, but none so  
desperate as poor health. Success to-  
day demands health, but Electric  
Bitters is the greatest health builder  
the world has ever known. It com-  
pels perfect action of the stomach,  
liver, kidneys, bowels, purifies and en-  
riches the blood and tones and in-  
vigorates the whole system. Vigor-  
ous body and keen brain follow their  
use. You can't afford to slight Elec-  
tric Bitters if weak, run-down or  
sickly. Only 50c. Guaranteed by  
H. P. Dunn, Druggist. tts-w

### When Men Powdered Their Faces.

The use of powders for the hair and  
face, which began in the sixteenth  
century, infected the men. Henry III.  
had the habit of parading the streets  
of Paris, his face covered with white  
and red paste, like a faded coquette,  
and his hair-filled with violet powder  
and scented with musk. Powders were  
made of all colors, and the infatuation  
was such that servant girls were afraid  
to be seen in public with their hair  
of the natural color and, not being  
able to buy that used by their employ-  
ers, employed sawdust as a substitute.

### Night on Bald Mountain

On a lonely night Alex. Benton, of  
Fort Edward, N. Y., climbed Bald  
Mountain to the home of a neighbor,  
tortured by asthma, bent on curing  
him with Dr. King's New Discovery,  
that had cured himself of asthma.  
This wonderful medicine soon re-  
lieved and quickly cured his neighbor.  
Later it cured his son's wife of a  
severe lung trouble. Millions believe  
its the greatest throat and lung cure  
on earth. Coughs, colds, croup, hem-  
orrhages and sore lungs are surely  
cured by it. Best for hay fever, grip  
and whopping cough. 50c and \$1.00.  
Trial bottle free. Guaranteed by H.  
P. Dunn, Druggist. tts-w

### DEAFNESS CANNOT BE CURED

by local applications, as they cannot  
reach the diseased portions of the ear.  
There is only one way to cure deafness,  
and that is by constitutional remedies.  
Deafness is caused by an inflamed  
condition of the mucous lining of the Eusta-  
chian tube. When this tube is inflamed  
you have a rumbling sound or imperfect  
hearing, and when it is entirely closed,  
deafness is the result, and unless the  
inflammation can be taken out and this  
tube restored to its normal condition  
hearing will be destroyed forever; nine  
cases out of ten are caused by Catarrh,  
which is nothing but an inflamed con-  
dition of the mucous surfaces.

We will give One Hundred Dollars for  
any case of Deafness (caused by  
catarrh) that cannot be cured by Hall's  
Catarrh Cure. Send for circulars free.

Sold by druggists, 75c.  
Take Hall's Family Pills for consti-  
pation.

### BOMB CAUSED A SENSATION

Found in a Residence Being Erected  
in Juarez, Mex.

El Paso, Tex., Sept. 23.—The dis-  
covery of a bomb in a residence being  
erected in Juarez across the border in  
Mexico, caused a sensation in that  
town.

The residence of Camillot Arguelles,  
where the bomb was found by a boy,  
is located a block from the custom  
house where Presidents Taft and Diaz  
are to meet. A visit by President  
Diaz to Don Arguelles, who is a close  
personal friend of Diaz, was thought  
probable.

Colonel Corella, commanding the  
regular army in Juarez, said the ob-  
ject found was a small piece of dynamite.

### CURES PIMPLES SIMPLY

Simple Remedy That Soon Clears Skin  
of all Eruptions.

For several weeks past H. P. Dunn  
done the biggest business he ever had  
in any one article in selling Hokara,  
the skin food that has won so many friends  
in Brainerd, Minn.

It has been found to be an absolute  
cure, not only for all minor skin trou-  
bles such as pimples, blackheads, herp-  
es, acne, scaly scalp, complexion blem-  
ishes, itching feet, piles, etc., but for  
the worst sores, ulcers, or even chronic  
eczema and salt rheum. There has yet  
to be found any form of wound or dis-  
ease affecting the skin or mucous mem-  
brane that Hokara does not heal, and  
its action is so instantaneous that those  
who try it are simply delighted with it  
right from the start.

In spite of its unusual curative power  
the price is trifling. To convince every  
one of its merits, H. P. Dunn will sell  
a liberal sized jar for 25 cents; larger  
size 50 cents. And remember that if  
you do not think it does what it claims,  
you get your money back. You certainly  
can afford to try it on this plan.

If the skin trouble is caused by  
impure or heated blood and the bow-  
els are in need of medicine, use  
Hokara Blood tablets—50c a package  
Sold on guarantee.

### The Wheel Problem.

Which, at any given moment, is  
moving forward faster—the top of a  
coach wheel or the bottom?

The answer to this question seems  
simple enough, but probably nine per-  
sons out of ten, asked at random,  
would give the wrong reply. It would  
appear at first sight that the top and  
bottom must be moving at the same  
rate—that is, the speed of the car-  
riage. But by a little thought it will  
be discovered that the bottom of the  
wheel is in fact, by the direction of  
its motion around its axis, moving  
backward, in an opposite direction to  
that which the carriage is advancing  
and is consequently stationary in  
space, while the point on top of the  
wheel is moving forward with the  
double velocity of its own motion  
around the axis and the speed at  
which the carriage moves.

### Disappointment.

Head Walter—What's the matter  
with that dyspeptic looking old chap  
over there at the fourth table?  
Assistant—He's got a grouch. He  
was getting all ready to make a kick  
about that cantaloupe, and he found it  
was a good one.—Chicago Tribune.

MEMORIAL SERVICES WELL ATTENDED

Opera House Was Filled This Afternoon Despite the Threatening Weather

HIGH TRIBUTES WERE PAID

Rev. J. J. O'Mahoney, Rev. Charles Fox Davis and Prof. W. C. Cobb Were Speakers

The citizens of Brainerd did tribute to the memory of the late Governor John A. Johnson this afternoon. Nearly all the business houses were closed and the schools were dismissed that the pupils might attend the memorial services which were held in the opera house, commencing at 2:30 o'clock. The opera house was appropriately decorated for the occasion, and was crowded with citizens, young and old, who gathered to honor to the memory of the state's executive and to express their sorrow at the death of one who was already a figure of national reputation and who seemed apparently destined, had he lived, to have become the leader of one of the two great political parties.

The ceremonies at the opera house were presided over by Mayor Ousdahl and the program was carried out substantially as set forth in Wednesday evening's Dispatch.

Miss Nel Fie Alderman rendered an appropriate selection on the piano, after which the Divine guidance was invoked by Rev. W. J. Lowrie.

Rev. J. J. O'Mahoney was next on the program and delivered a glowing eulogy on the dead governor. He spoke in part substantially as follows:

"There is sorrow today, both within the confines of the state and far beyond it, because of the demise of a great and respected man, a wise and patriotic statesman and a faithful and unswerving friend. The object of our meeting is to pay a tribute of respect to his memory and to recall to the minds of the people his manifold gifts and virtues.

"As a man, he was of nature's noblemen. He broke down the walls of social distinction which separate the lowly from the great, by sheer force of natural ability, by his own genius, tact and capacity for work, elevated himself far above his birth rank. In the annals of American history there is not one to compare with him in this respect, except Abraham Lincoln, and the future years will hold both of their deeds and lives inseparably conjoined.

"As a statesman, we have only to look at his public career. It was not without some great statesmanlike qualities he held the democratic governorship in a republican state. Let us pass in review a few of his public acts, such as quelling so peaceably the strike riots in the iron range; the vetoing of the tonnage tax; his wonderful intellectual statesmanship as exemplified in his address before the University of Pennsylvania; his advice so much sought after by the representative men, etc.

"As a friend, he was staunch, firm and true; without the least traces of the professional politician, he showed kindness towards everybody regardless of station or political creed. He loved the serenity of his home life and his domestic relations were pure.

"The tears of a nation's grief are falling above his bier today; every home in the nation sorrow. He has gone home to spend his last rest in

the little town where he spent his budding boyhood. Minnesota's soil clasps to her embrace the mortal remains of her own native born child, who so well guarded and guided her policies. The brightest of the bright, the noblest of the noble! Peace to his ashes."

Mrs. Geo. D. LaBar then rendered a beautiful vocal solo in her usual charming and artistic manner.

Owing to the absence of Col. C. D. Johnson, who left on the early train to attend the funeral of Governor Johnson, his place on the program was taken by Prof. W. C. Cobb, superintendent of the city schools, who spoke briefly but earnestly, dwelling on his loyalty to his home, to his home city, to his party and to the state of Minnesota. This was Mr. Cobb's first appearance before an audience of Brainerd people, at least for many years, and he made a very favorable impression.

The Rev. Charles Fox Davis, after referring to the fact that the sorrow for the demise of Governor John A. Johnson, was nation-wide, as evidenced in the brief eulogies of the nation's governors; leaders in finance, labor, commerce, in political parties and also great editors; that the profound sorrow existing in the hearts of the masses of men and women of all ranks, was not simply the result of his heroism in trying to regain his physical strength and allowing the best that the science of surgery could do, assist, or that the leaders of a certain political party had looked upon him with great promise as a coming leader; but loved him for what he was in character and what he accomplished as a patriot and as an executive; that the spirit of perseverance, morality, fearlessness and industry, characterized every step he took from the obscure log house, wherein he was born, until the citizens of Minnesota voted him into its highest gifts—that of a home in its marble capitol in St. Paul—said in closing:

"Death is not unfamiliar to us, but when men like Governor John A. Johnson, gifted in talents, executive power, in moral character, who walk the loftier heights of office and power, are taken from us, it is no wonder that it calls forth profound sorrow. Our nation is not so crowded with good, true, brave, highminded men but that we miss them when they are called hence. The chief glory of our nation is not in its rapid progress, its territorial area, its teeming millions, its resources; but the memories of its true, brave patriots it has produced. Governor John A. Johnson will go down in American history as one of them. He was so brave and true, that the editors of this nation can do no better thing than to eulogize his splendid career; the devotees of other political parties and his own, catch his fearless spirit; and the parents of the youth of America encourage their children to study his life for the moral inspiration they can find there."

Following Mr. Davis' address Rev. J. R. Alten pronounced the benediction and the people dispersed.

The postoffice was closed between the hours of 2:00 to 3:30. The Northern Pacific shops were not closed but permission was given to any who wished to attend the services.

MUSIC AND DRAMA

"Molly Bawn"

The seats are now on sale for the production of this fascinating Irish drama, which will take place at the opera house tomorrow evening. The play is based on the novel of that name, by "The Duchess," and was dramatized by Beaulah Poynton. It is staged by Burt & Nixon, and will be well presented. The seat sale at Dunn's drug store indicates a good attendance at the performance, which comes to our city well recommended. The plot of the play is romantic and thrilling and the company which produces it is making good. Those enjoying a good melodrama should attend.

REAL ESTATE TRANSFERS

Open Thursday Evenings

The Dispatch office is open every Thursday evening, and parties finding it inconvenient to call during the day time on business, can always be sure to find someone in the office on that evening. dw-1f

An Explanation

We have been criticised by some persons who misunderstood our motives in placing an advertisement in the Special Edition of the ARENA of Sept. 21. In explanation we wish to state that we did not edit this paper. We agreed to use the back page of the ARENA for advertising space, in the same way that we would take space in any other publication. We greatly regret the fact that any of our friends should question our sincere respect for Governor Johnson, and our sorrow at his death, to the extent of feeling that we would possibly make advertising capital of so sorrowful a circumstance.

Yours very truly,  
C. M. PATEK.

FOOT BALL NOTES

Football practice began with the Brainerd high school squad this week and 18 candidates were out for the first practice on Monday night. The prospects for a strong team this year are not excellent nor are they extremely poor. The weight of the eleven will not be up to the standard but it is hoped that the lack of weight will be made up by an increase in speed. The team feels keenly the loss of several of the best of the last year's men, among those lacking will be Cullen and Ousdahl, ends, and Captain Parker, who graduated last year, and Carlson, last year's sensational half back and Horn, full back, who will not be in school this year. The rest of last year's team are all in school and will be in the game this year. Mahood, last year's center, will undoubtedly play in the same position this year. Brooks and Enriken are the most promising candidates for guards and Capt. Barron and O'Connor will hold down the tackles. Ned Brooks and Severn Swanson are making good at ends. The back field is badly broken up and it is likely that Jimmie Alderman will go in at center. Dean White will play left half back, and his playing last year, which was among the best, will insure his making good there. Trent and Stanley are trying for right half while Mahlum will be shifted to full back. There is only one week until the first and hardest game of the season, that with Duluth Central high, but the boys are putting in some good hard practice. Fred Sanborn will not be able to coach this year and the coaching will be done by Harry Carlson, of last year's team, assisted by others of the old players. The schedule this year will probably include Duluth, St. Cloud, Bemidji, Little Falls, Perham and Walker.

Do You Want a Modern Home?

I will erect a modern residence adjoining my own on Holly street and sell same for small payment down and the balance in monthly payments. Geo. A. McKinley 96-6

LABEL LEAGUE ORGANIZED

The Women's Union Label League Launched in Good Shape Here Wednesday Evening

A large and enthusiastic crowd of men and women crowded Baker's hall last evening at the first meeting of the Women's Union Label League. A short program of music and speaking preceded the business of the evening. The audience was disappointed in not hearing Mr. Howley, president of the State Federation of Labor, or Mr. W. E. McEwen, secretary-treasurer, but on account of the great loss in the death of our beloved Governor, they were unable to be present. However Mr. George W. Pippy, Mr. John Taylor and Mr. J. Mahoney took their places in an able manner and gave interesting addresses. Mrs. Holder gave a selection on the piano, Mr. McCallum and Mr. McEwen entertained with good songs.

The business part of the meeting was called to order by Mrs. Dempsey and the following officers were elected for the ensuing term and installed: President—Mrs. Ada Holder, First V. P.—Mrs. R. B. Smart, Recording and Corresponding Secretary—Helen Taylor, Financial Secretary—Mrs. George Williams,

Treasurer—Mrs. Doherty, Door Keeper—John Taylor, Sergeant at Arms—Miss Alma Mattason, Trustees—Mrs. Emma Betts, John Taylor, George W. Pippy. Delegates to Trades Assembly—Mrs. Holder, Mrs. Delle and Mrs. Fitzgerald.

Meetings will be held on the second and fourth Monday evenings in Baker's hall.

The charter has been donated by the Trades and Labor Assembly and they intend to help the League all in their power to make it a success and several of the locals have pledged their assistance also. \*\*\*

Buy a home or pay up that Mortgage in easy monthly payments. We loan money on the building and loan plan. C. A. Knippenberg, 5 Wise Blk. 931m

DEERWOOD NEWS

Deerwood, Sept. 22:—

C. G. Osterlund was at Brainerd this afternoon on business.

T. J. Taylor was transacting business in Brainerd on Wednesday afternoon.

A. A. Graham, of Brainerd, was in Deerwood Wednesday and Thursday looking over this and the adjacent towns. He went from here to Chisholm.

There are nine drills working in close proximity to one another on sections 11 and 12-47-28. Rumors that the Rogers-Brown Ore company will commence a shaft in a short time on the northwest quarter of the northwest quarter of section 12, are persistent, though unconfirmed by the officials of the company.

E. A. Lamb was in Brainerd transacting business on Wednesday afternoon.

H. C. Damkruger, manager of the Oliver Mercantile company, which is erecting the new hotel building, is now on the ground. A large portion of the work of excavating the cellar has been completed and a temporary building has been erected in the street adjoining, to house the material and tools to be used in the erection of the structure. It is expected that work on the foundation will be commenced early next week at the latest. Had it not been for the wet weather the first of the week, the excavation would have been completed by now.

The Northern Pacific ballasting crew is working the yards at present and is making good progress.

The Helmer Exploration company has several diamond drills at work for the Rogers-Brown Ore company. The latter company has concentrated all their drills on their holdings in 12-47-28 and now have six at work on that property.

The Crosby Exploration company has received another brand new drill and it will be put to work near or on the Crosby townsite.

F. A. Esdon will go to Duluth Friday to attend the funeral of a friend.

M. B. Burke, of International Falls, has purchased a lot on Serpent lake and will at once erect a residence thereon, which he will occupy with his family.

The business places were closed Tuesday afternoon during the funeral of Mrs. L. H. Howe. They will also be closed on Thursday afternoon during the funeral of Governor Johnson. It is not expected that there will be any public memorial services in Deerwood.

J. A. Trainor was taken to St. Joseph's hospital, Brainerd, Wednesday noon, suffering with heart trouble.

Adam Louks, of Aitkin, was in Deerwood Tuesday.

Even J. Rohne, of Brainerd, was transacting business in Deerwood Wednesday afternoon.

Fred McNaughton and B. Thore, of Brainerd, were in the village Wednesday afternoon on business.

Miss Edith Josephine Shie, of Minneapolis, died at the home of Mr. and Mrs. R. E. Coffin on Thursday, of last week, of valvular disease of the heart. The remains were taken to Minneapolis for burial. She had been ill for some months, but only for the last few days was her condition considered critical.

Judge and Mrs. Hale and Mrs. W. E. Richardson, of Duluth, came to Deerwood the first of the week and are spending a couple of weeks at the Hale cottage on Serpent lake.

Mr. Lawson, of Duluth, has been looking after business interests in this city the past week.

Obituary

Mrs. Martha L. Howe, wife of L. H. Howe, died Sunday, September 19th, of old age and was buried Tuesday afternoon. The deceased, whose maiden name was Martha Udson, was born near Stavanger, Norway, June 24th, 1830, and was over 79 years of age at the time of her death. She was married in Norway to a man named Thompson, who died there leaving her a widow with three small children. She emigrated to America and settled in Winconsin, whence she afterwards moved to St. James, Minn., where she was married in 1875, to L. H. Howe, who survives her. To them was born one daughter, Miss Emma Howe, of Deerwood. Mrs. Howe leaves, besides her husband, three children, Nels Thompson, Mrs. H. J. Hage and Miss Emma Howe, all of Deerwood, also two step daughters, Mrs. E. L. Wilson, of Deerwood and Mrs. J. L. Barker, of Tacoma, Wash., and also several grandchildren. Mrs. Howe, who has been a resident of Deerwood since 1889, leaves a large number of friends and acquaintances who sincerely mourn her death. She was a good wife and a loving mother and

Duck Hunters Get Ducked

Deerwood, Minn., Sept. 21—Arthur Carlson and Oscar Carlson, of this place, while hunting for ducks on Dean lake in a canoe, had a narrow escape from drowning. While on the lake they sighted a flock of ducks and became excited and firing at the same time, the canoe tipped, throwing both men into the water, which, fortunately for them, was not deep at that point. They struggled with the canoe for half an hour before arriving safely on shore, leaving their guns in the water. By this time they were thoroughly chilled and decided to make no attempt to recover their guns. This morning they returned to the lake and after half an hour search, succeeded in locating and securing their guns.

W. O. W. ORGANIZED

Local Camp of Woodmen of the World Organized in Brainerd on Tuesday Evening

A local lodge of the Woodmen of the World was organized in Brainerd Tuesday evening with a membership of 36. The charter has not been closed as yet and there will be over 40 charter members. There has been no name selected by the camp as yet, but it will be No. 36.

The following officers were elected: Consul Commander—J. E. Anderson.

Advisor Lieutenant—Bernard Hoppe.

Banker—Claus A. Theorin.  
Clerk—L. E. Dennis.  
Camp Physicians—Dr. C. S. Reimstad and Dr. O. T. Batcheller.  
Escort—Ole Larson.  
Managers—Ernest Gardner, John Uddenberg and F. M. Simmons.  
Watchman—Frank Whitmarsh.  
Outer Guard—Wm. Tatro.

A Hurry Up Call

Quick! Mr. Druggist—Quick!—A box of Bucklen's Arnica Salve—Here is a quarter—For the love of Moses, hurry!—Baby's burned himself, terribly—Johnnie cut his foot with the axe—Mamie's scalded—Pa can't walk from piles—Billie has boils—and my corns ache. She got it and cured all the family. Its the greatest healer on earth. Sold by H. P. Dunn, Druggist.

BUILDINGS ALL BURNED

Frank Norcross, of Bay Lake, Suffers Severe Loss by Fire Yesterday Morning

Deerwood, Minn., Sept. 23—The buildings belonging to Frank Norcross, clerk of the town of Bay Lake, were completely destroyed by fire. The barns, out-sheds and every building on his homestead, were completely demolished and the estimated total losses are about \$5,000. Mr. Norcross did not have any insurance on the buildings, however, he was fortunate, being able to save all of his live stock, but while doing so, the dwelling house was rapidly going under, and all of the contents. It is thought that the cause of the fire was the combustion of some chemicals which Mr. Norcross had on the premises, he being devoted to experimenting and seeking inventions. The family is staying with some of the neighbors for the present and Mr. Norcross expects to have a temporary dwelling erected in a very short time.

Nerves at High Tension

Slight extra strain means collapse—Restoration obtained by using DR. A. W. CHASE'S NERVE PILLS. The successful men and women are often of the high-strung nervous type—keen and active—but with too little reserve force.

A little extra worry and anxiety and snap goes the nervous system. Weeks and months are often required before energy and vigor are regained. Rest helps, so does fresh air and exercise, but the blood must also be made rich and red by use of Dr. A. W. Chase's Nerve Pills. Mrs. P. G. Haines, Rossburg, Oregon, states: "Dr. A. W. Chase's Nerve Pills have done me a great deal of good in building up the nervous system. For over twenty years I suffered with my nerves, and doctored with several doctors. I can say that I have received more benefit from these pills than from all other medicines taken. I have gained nine pounds in weight." Dr. A. W. Chase's Nerve Pills, 50 cts. a box, all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. Portrait and signature of A. W. Chase, M. D., on every box.

H. P. Dunn, Druggist.

MORE THAN TEN LIVES LOST

Cyclone in Cuba Also Caused Heavy Property Loss.

Washington, Sept. 23.—More than ten lives were lost and property worth \$2,000,000 was destroyed in the cyclone which recently swept over the province of Pinar del Rio, Cuba. Communication between Havana and the storm area in the western part of the province was cut off except at two or three points and reports of damages are just reaching Havana. More than 2,000 people are without shelter or supplies, several hundred houses and huts and tobacco barns, several thousand acres of tobacco and many small vessels along the coast were destroyed. Mr. Dearing, the American charge at Havana, in his report to the state department, says that foreign aid is not needed.

Bilious?

Doctors all agree that an active liver is positively essential to health. Ask your own doctor about Ayer's Pills.

"How are your bowels?" the doctor always asks. He knows how important is the question of constipation. He knows that inactivity of the liver will often produce most disastrous results. We believe Ayer's Pills are the best liver pills you can possibly take. Sold for over 60 years.

Prudential Agents are now canvassing in this vicinity. They have a most vital story to tell of how Life Insurance has saved the home, protected the widow, and educated the children. Let them tell it to you.

## SUBMITS TO AN INTERVIEW

Dr. Cook Closely Questioned  
by Reporters.

## SEVERE CROSS-EXAMINATION

Fails to Change Original Story of the Brooklyn Explorer in Any Important Particular—Answers Questions Without the Slightest Hesitancy—Refuses to Discuss Controversy With Peary.

New York, Sept. 23.—Dr. Frederick A. Cook, seeking rest and seclusion with his family after his boisterous welcome home, denied himself to interviewers and remained in his suite at the Waldorf-Astoria until late in the evening, when he submitted cheerfully to one of the severest cross-examinations since he announced his

discovery of the North pole. The ordeal of the interview, which was conducted by forty newspaper representatives, including several foreign newspapers, proved at least that he was not afraid to meet the public. Incidentally the city of New York officially recognized his achievement when the board of aldermen passed a resolution commemorating his discovery and providing for a public welcome at the city hall. The date of the reception will be announced later.

The material points of Dr. Cook's answers did not differ in a great degree from his original recital. Some slight details were cleared up, however, which throw light on the way in which the polar dash was effected. As the questions asked were put by laymen, they did not go deeply into the scientific aspect of the expedition. But Dr. Cook was ready to answer anything pertinent to the issue.

The most interesting phase of the interview was reached when Dr. Cook was asked if he would object to showing his diary. He immediately consented and after retiring to his room, returned with a small octavo note book, which he showed freely to all. It was a thin book containing 176 pages, each of which was filled with fifty or sixty lines of pencilled writing in the most minute characters. The book, he said, contained considerably more than 100,000 words, while he has besides other books embracing his observations and other data. He did not show them, however.

Answered Without Hesitation.

As question after question was asked, whether it was of a trivial nature or of a more serious trend, Dr. Cook answered in a low voice, without hesitancy, as though in full possession of all his facts. The interviewers were rather severe in regard to details, but nothing indicated that the polar traveler's memory was at fault even in the most minute particulars. Sometimes when a petty question indicated ignorance, he smiled with good humored sympathy at the lack of technical knowledge displayed. Occasionally when a question was long and complicated, he asked for its repetition.

Not once did he refuse to reply, except when the name of Commander Peary was broached. Even then he said he always and did now consider Peary as his friend, but controversial subjects in connection with his rival he avoided entirely, saying that they could wait. Throughout the interview he exhibited the utmost patience.

When requested to say what had occurred at his meeting with Harry Whitney, the New Haven sportsman, he said he preferred to let Whitney tell his own story, as Whitney was quite unbiassed. His reasons in imposing secrecy on Whitney, on Pritchard, Commander Peary's cabin boy,

and the Eskimos were prompted by his desire to be the first to tell the world of his discovery. He had done the work, he said, and was entitled to relate how it had been carried out.

## PEARY HAS NOTHING TO SAY

Explorer Is Silent Regarding the Polar Controversy.

Truro, N. S., Sept. 23.—Commander Robert E. Peary had no further statement to make regarding the polar controversy and while traveling westward to his home in Eagle bay from Sydney spent the time going over his correspondence.

The trip to Truro occupied the entire day and at the stations en route groups of people gathered to catch a glimpse of the explorer. While crossing the Canso strait on the steamer Scotia, Commander Peary went to the bridge, where he was photographed.

Commander Peary has received an invitation to lecture before the Royal Scottish Geographical society. The invitation came in a cablegram from Edinburgh. The invitation follows that received from Secretary J. S. Kellie, requesting Commander Peary to fix a date for a lecture in London before the Royal Geographical society. Commander Peary will reply later to the invitation.

## AROUND STATUE OF LIBERTY

Glenn H. Curtiss Will Try to Fly in His Machine.

New York, Sept. 23.—A flight from Governors island across the lower bay and around the statue of Liberty probably will be the first aviation event during the Hudson-Fulton celebration. Glenn H. Curtiss, winner of the first international aviation contest, announced that he would attempt to make his flight as soon as possible after he has assembled his machine.

Wilbur Wright, who has his machine almost in flying shape, met Curtiss for the first time since the latter returned from his European trip. The meeting, which took place in Wright's shed on Governors island, was cordial. No ill-feeling exists because of the suit which the Wright brothers have brought against the Herring-Curtiss company for alleged infringement of patents. Wright asked Curtiss if he had found the information given him by the Wrights before Curtiss sailed for France of any value to him. Mr. Curtiss said he had, and further pleasantries were exchanged.

## Bubonic Plague in Ecuador.

Guayaquil, Ecuador, Sept. 23.—During the two weeks ending Sept. 14 there were 47 cases of bubonic plague here, 14 of which resulted fatally. Yellow fever claimed four victims.

## SERIOUS RIOTING OCCURS IN OMAHA

Several Persons Injured, Two of Them Seriously.

Omaha, Sept. 23.—One person, John Petricek, a bystander, was shot through the hip and seriously wounded; two motormen were hit with bricks and one of them perhaps fatally wounded, a third strike-breaker was less seriously injured and eight cars were partly demolished in riots which occurred in connection with the street car strike.

The injured men, with the exception of Petricek, are strike-breakers and their names were not given out. James Fitzpatrick, another strike-breaker, was struck by several missiles while he was attempting to shield a woman and her child who were riding on his car, but his injuries are not serious.

The first riot call came from the car barn at Twenty-fourth and Vinton streets, where a car was derailed by a partly opened switch. A number of persons began jeering the crew of the car and a large crowd soon gathered. A blockade followed. A new building in the course of construction furnished ammunition for strike sympathizers and within a short time every window and door in the car had been broken with bricks and stones.

Sheriff Bailey responded with a force of deputies and a patrol wagon load of police arrived just in time to prevent an open conflict between the assembled crowds and the strike-breakers. The latter, hearing the trouble outside the barn, rushed out with switch irons and other similar instruments and were on the point of charging the crowd when the officers arrived.

During the progress of this demonstration, the motor was burned out on a car at Thirteenth and Vinton streets, and a crowd quickly gathered and charged the car. The conductor and motorman were treated roughly before being rescued by officers. While officers were escorting the two trainmen to the car barn a few blocks west, a crowd gathered at Sixteenth and Vinton streets and began demonstrations. As the officers came up with the two strike-breakers, some person fired a shot which struck young Petricek and several other shots followed without any person being hit.

A few minutes later a street car jam occurred two blocks west of the scene of the shooting. A crowd gathered and began hurling missiles through the windows, and breaking up

the interior of the cars. Two of the men in charge of these cars received serious injuries. One of them was struck in the abdomen by a brick and probably cannot recover. Another one was struck twice on the head. Both were rescued by the police. One of the men was found lying at the entrance to an alley unconscious and was taken to a drug store and later removed to the car barn. Two other strike-breakers are missing and the police are searching for them.

## Kills Fellow Workman.

Duluth, Sept. 23.—Otto Fry, twenty-four years old, was shot through the heart and almost instantly killed by Jackson McPherson, forty-two years old, in the living room of the steamer North Lake of the Mutual Transit line, following a quarrel started when the men were drinking in a downtown saloon. They were both firemen.

An African woman to be considered beautiful must have small eyes, thick lips, a large, flat nose and an intensely black skin.

## What Do They Cure?

The above question is often asked concerning Dr. Pierce's two leading medicines, "Golden Medical Discovery" and "Favorite Prescription."

The answer is that "Golden Medical Discovery" is a most potent alterative or blood-purifier, and tonic or invigorator and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder, curing a large per cent. of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchia, stomach (as catarrhal dyspepsia), bowels (as mucous colitis, hemorrhoids, etc.), or the pelvic organs. Even in the chronic or morbid stages of these affections it is often successful in affecting cures.

The "Favorite Prescription" is advised for the cure of a class of diseases—those causing weakness, debility, and irregularities incident to women only. It is a powerful yet gently acting invigorating tonic and nerve. For weak worn-out, over-worked women—no matter what has caused the break-down, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A book of particulars wraps each bottle giving the formulae of both medicines and quoting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice as guides in prescribing, say of each ingredient entering into these medicines. The words of praise bestowed on the several ingredients entering into Dr. Pierce's medicines by such writers should have more weight than any amount of non-professional testimonials, because such men are writing for the guidance of their medical brethren and know whereof they speak.

Both medicines are non-alcoholic, non-secret, and contain no harmful habit-forming drugs, being composed of glyceric extracts of the roots of native, American medicinal forest plants. They are both sold by dealers in medicine. You can't afford to accept as a substitute for one of these medicines of known composition, any secret nostrum.

Dr. Pierce's Pellets, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels.
